SATURDAY - - SPECIAL!

On account of the inclement weather yesterday we shall make our SPECIAL SALE OF REMNANTS and SHORT LENGTHS on Saturday, April 26, for this week.

WOODWARD & LOTHROP,

BOSTON DRY GOODS HOUSE!

921 PENNA. AVENUE, 921

In the Printed Goods Department,

All the Short Lengths of our 12 1/2c Ginghams and Cambrics will be marked at the rate of 10c per yard.

In Our Handkerchiefs,

Lots of one, two, and three Handkerchiefs, in fine goods, of which the regular price has been \$1, will be offered at 75c to close. 25c Handkerchiefs, in Odd Styles, where there are only small quantities, will be marked three for 50c.

This will suffice to show how we go through each department every Thursday to prepare for our Remnant Sale Fridays. We have thus far been highly pleased with the success of our Friday Remnant Sale. It has accomplished the object sought—viz, to keep the stock clear of Remnants, thus enabling us to show the newest, cleanest, freshest, most desirable stock of

Dry Goods and Furnishings

in this city, and at prices which we are willing to guarantee—that is, we are willing to refund the price paid if the goods can be purchased cheaper elsewhere in America.

ONE PRICE ONLY!

ARTIFICIAL TEETH WITHOUT PLATES!

DR. C. L. ANDERSON,

Formerly Expert of the SHEFFIELD TOOTH CROWN CO., New York city, has opened an office at 515 Twelfth street N. W.

Tooth Crowns and Artificial Teeth Without Plates.

THIS SYSTEM entirely obviates the necessity of extracting teeth, does away with artificial teeth, prevents the suffering caused by decay of the teeth, and consequent extraction of the roots (producing a change in the expression of the face and mouth), and avoids the pain and excessive annoyance of a plate.

By this method roots and badly decayed teeth which are firm in position may be restored to perfect usefulness and beauty, performing the office of mastication like the natural teeth.

IF BUT FOUR (or more) roots or teeth still remain in proper position we can attach an ENTIRE SET of teeth to them, restoring the expression, comfort, and usefulness without the use of a plate.

These operations are comparatively painless; are PERMANENT, NATURAL, and CLEANLY, and those who have worn artificial teeth, and had this operation performed, testify to the cleaner, cooler feeling of the mouth, the restoration of the sense of taste, and their ability to thoroughly masticate food, with added comfort and increased health.

The crown work is a perfect and beautiful imitation of the natural teeth. It is most comfortable, there being no plate covering the roof of the mouth, so that after a few days there is nothing to indicate that the patient has not his or her own natural teeth. It is the most cleanly work, as every part can be easily reached with a brush, and the highly polished surfaces of gold and porcelain are without difficulty kept free from deposits, and performs the office of mastication like the natural teeth.
